

# TEAM LONDON BRIDGE ENVIRONMENTAL AUDIT & WALK-ABOUT

Date: May 10<sup>th</sup> AM

Southwark Environment Department – Afternoon. Walk about this morning. Generally excellent but two noted concerns re (a) escort cards and (b) lunch time cover. Regards, Shane

## Sweeping / Litter / Dumps

I will speak (e-mail) with Beckett House (Home Office) on St. Thomas Street directly (and will copy you in) about their queue but could you please keep an eye. An ongoing issue for which they need to take appropriate responsibility.

**Lunch-time cover**

Nadia noted to me on returning from lunch the bins on Duke Street Hill were overflowing. Previous photos highlighting the same lunch time concern. Can you outline the cover at lunch time. Looks like this needs review. Also, the bins there are awful. Can we take them out and replace with higher capacity standard Southwark bins? Happy to discuss.

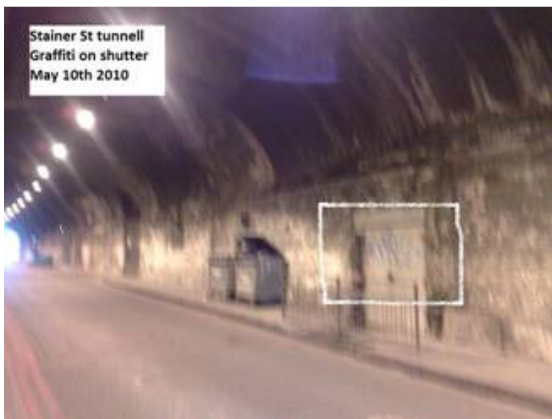

**Escort Cards**

Cards in the majority of the phone boxes this morning. I'm not confident that the sweepers are paying sufficient attention to this as per the contract. I continue to remove on a daily basis. New card = 079 0102 1587. Can this be reiterated to the team please. I will also forward to the police.

## Graffiti / Fly-posting
